

11. E) 1) Advanced Procedure List for Hospital and Ambulatory Surgical Facilities

The Board previously approved the following procedures:

PROCEDURES

Anal fissure, cauterization	Thyroid biopsy
Anesthesia, sedation	Urinary catheterization
Arterial line, insertion	Vein harvesting - endoscopic or open
Arthrogram	
Breast needle localization, uncomplicated	
Catheter ablation & mapping procedure	
Central line insertion/removal	
Central venous catheter insertions - femoral, IJ, subclavian	
Chest tube insertion/thoracostomy	
Chest tube removal	
Deliveries & episiotomies	
Epidural injections	
Graft harvesting for coronary artery bypass	
Harvesting of the saphenous veins for coronary bypass operations	
Insertion and removal of intra-aortic balloon pumps	
Insertion of hemodialysis catheters	
Internal mammary artery mobilization	
Intubation, with laryngoscope	
Liver biopsy	
Lumboperitoneal shunt taps	
Mayfield tongs, placement	
Mobilization of the internal mammary artery	
Nephrostogram	
Nephrostomy tube change	
Opening and closing incisions including median sternotomy and thoracotomy incisions	
Pacemaker Interrogation and Reprogramming	
Pin removal	
Prostate biopsies	
Shunt taps	
Stent removal	
Stereotactic frame (cervical halo) placement	
Sternotomy	
Swan-Ganz Catheters, removal and insertion	
Thoracostomy	

11. E) 2) Advanced Procedure List for all other practice locations

The Board previously approved the following procedures:

ALLERGY/IMMUNOLOGY

Bronchial Provocation/Exercise Tests
Delayed Hypersensitivity Tests
Drug Challenge Test
Food Challenge Tests
Histamine Challenge Tests
Insect Testing and Treatment
Intradermal Skin Tests
Scratch and Prick Tests

CARDIOLOGY

Stress testing, exercise
Stress testing, pharmacological

COSMETIC/DERMATOLOGICAL

Chemical peels
Cosmetic Fillers
Injecting neurotoxins
Laser hair removal
Laser skin resurfacing
Laser vein removal
Non-ablative laser for skin treatments
Sclerotherapy injections
Treatment of brown pigment and tattoo removal

GYNECOLOGICAL/OBSTETRICAL

Cervical biopsy
Cervical colposcopy
Endometrial biopsy

HEMATOLOGY/ONCOLOGY

Bone marrow aspiration/biopsy/harvest

ORTHOPAEDIC

Arthrocentesis
Closed reduction of fractures
Joint injections
Joint aspirations
Myofascial injections
Trigger point injections

SURGICAL

Lumbar puncture
Paracentesis
Percutaneous nephrostomy tube change
Thoracentesis
Tunneled catheter placement/removal

UROLOGICAL

Cystoscopy
Cystourethrosopies
Sigmoidoscopy

ADDITIONAL PROCEDURES

Baclofen pump refill
Defibrillator interrogation & reprogramming
Electromyogram (EMG nerve conduction studies)
Gastrostomy tube check/exchange
Hemorrhoids, ligation
Implanon insertion/removal
Ingrown toenails, removal
IUD, insertion
PICC line, removal
Prostate exams, transrectal ultrasound
Skin lesions, excision/removal
Superficial Neoplasms, removal or destruction
